VI. Discuss Retreat Registrations and Additional Outreach

- At the time of the meeting there were 83 registrants; ILCW, the Department of Health Services (DHS), Wisconsin Coalition of Independent Living Centers (WCILC) and all 8 Independent Living Centers (ILCs) had at least one person registered for the retreat.
 - Some leadership has not registered.
 - Very few ILC board members or volunteers are registered to join the retreat. For future retreats contacting board members and volunteers directly may help get more of them involved.
- The committee expected about 90 participants, however there may be one or two people who need a final reminder. Particularly ILC leadership. Some encouragement to invite board members, volunteers, and other staff not usually involved in Independent Living (IL) Days might be a good idea as well.
 - Jason Glozier will send a final reminder regarding the WILN Retreat to the Wisconsin Coalition of Independent Living Centers (WCILC) board. See Action Item 1.

VII. Discuss Assigned Retreat Presentations

- The introduction will be mostly to talk about expectations for the retreat, introduce the planning committee, and welcome everyone who is attending.
- The icebreaker hasn't been determined yet, if necessary, something can be pulled together at the last minute, but something should be ready in time for the retreat.
- ILCW Program Coordinator provided a description of the IL Philosophy presentation. It will center around discussing and reminding participants what the IL philosophy and movement are, and how everything we do should lead back to our mission of helping persons with disabilities lead independent lives.
- The Designated State Entity (DSE) has pulled up some statistics regarding disability, race, and other demographic information to help support the argument that the network needs to work toward making IL something that everyone can be a part of, and making sure it is a major part of communities, especially those traditionally underserved, in the state.
- Most of the second day should be centered around generative feedback
 - The Future of IL discussion will provide people who are not part of IL leadership to speak honestly about the barriers that they see in engaging with the IL network, and how to better encourage communities to get involved with the work their centers are doing.
 - There may also be some discussion about how we can do a better job as a network to develop and help staff move into leadership positions within the network.

- This discussion regarding the SPIL will be about how the network wants to see the SPIL change. One of the ultimate goals of this will be to develop a new mission statement for WILN and the SPIL.

- ILCW Program Coordinator and Angel Brenna discussed the meal options for the Retreat.
 - Day one will include a continental breakfast, morning break with muffins and coffee, a plated vegetable lasagna lunch, and an afternoon break with brownies and soda.
 - Day two currently includes a morning break. A full breakfast may be more appropriate.
 - ILCW Program Coordinator, Jason Glozier, and Angela Brenna will determine if a breakfast or morning break will be more appropriate for the second day of the WILN Retreat. See Action Item 3.
